CAREFREE BOATING

Schotman Marine

Tenderline Schotman Marine develops aluminium boats with a focus on 'functionality', 'design' and 'affordability'. By combining durable, maintenance-free materials with a streamlined design Tenderline assures carefree boating. The art of constructing vessels within the Schotman family has passed from father to son. Founder Yvo Schotman proudly continues this tradition. The Tenderline aluminium boats are fully produced in-house. All Tenderline aluminium boats are therefore a 'pure' and 100% Dutch product.

Pure, raw and rugged yet elegant

Experience

Stepping aboard of the Tenderline Alu Rib 8.0 F is the beginning of a great experience. You enter an aluminium Rib which has unrivalled space due to the use of D-shaped air chambers. This boat will withstand the most extreme

weather conditions. The F (family) model is a Rib on which the whole

family can enjoy an active and relaxing day on the water.

A true experience.
